

SC Spill Bins

High load capacity - 4000kg SWL- make the Type SC Spill Bin ideal for safe storage of dangerous chemicals. Manufactured from galvanised steel the SC is strong and durable. Two way entry fork pockets allows easy movement by forklifts with a stacking capacity to four high. The baffled containment area allows the SC spill bin to be safely moved when full minimising spillage. To empty remove the single drain plug from the front. Suitable for drive-in and front racking.
