

The extremely economical SweepEx modular broom series features a unique brush system that's ideal for all commercial sweeping.

Easy, Versatile Mounting: Simply attaches to any forklift utilizing existing equipment

Low Maintenance: No moving parts to wear out - no downtime

Minimal Dust: Protects operator and the environment

Rugged Construction: Features easy to replace polypropylene fixed brush sections

Economical and Practical: Powerful sweeping action at a fraction of the price of a dedicated sweeper

Unlimited Maintenance Applications

- Docks & aprons
- Warehouses
- Semi-trailer floors
- Parking lots
- Job sites
- Roadways
- Intersections (rural & urban)
- Grain elevators
- Rubbish & recycling

Ideal for All Cleanup Applications

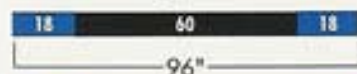

- Dirt
- Leaves
- Debris
- Light snow
- Material spills
- Sludge/mud
- Standing water
- Wood chips
- Steel shavings & banding
- Roofing gravel
- Shrinkwrap debris

Optional Accessories

- Magnetic Bar** - assures removal of nails and dangerous debris
- Dustmop** - fine materials on polished floors
- Edge Marker Kit** - clearly defines broom edge
- Debris Collector End** - keeps debris from rolling off sides of broom

Broom heads & mounting hardware	Industrial strength steel, with heavy-duty powder coat finish	

Modular Combination Choices- Mega Series Only

Specifications subject to change without prior notice.
Protected by DES: 407,871 and other pending U.S. and foreign patent applications

Versatile Hitches Available

- 1. Bucket/fork combination** Easily hooks to cutting edge of any bucket or fits over fork tines.
- 2. Skid-steer pivot** Standard quick-tach plate fits most major skid-steer loaders.
- 3. 3-point pivot** Hooks directly to traditional 3-point hitch.
- 4. Snowplow** Adapts to most light/medium-duty snowplows by replacing molboard and utilizing existing a-frame and sector of plow. (TPB series only).
- 5. Fork hitch** Fits most standard fork tines.
- 6. Forklift pivot** Fits most standard fork tines and has angling capabilities.
- 7. Gator pivot** Easily adapts to John Deere Gator plow mount.
